LAEZZA

INDUSTRIA MOBILI UFFICIO

Geo: per questa nuova linea l'attenta selezione dei materiali, la cura per la realizzazione di ogni dettaglio, la scelta di forme rigorose ed allo stesso tempo confortevoli, rende questi mobili da ufficio particolarmente indicati per tutti gli ambienti direzionali evoluti.

Geo
The collection

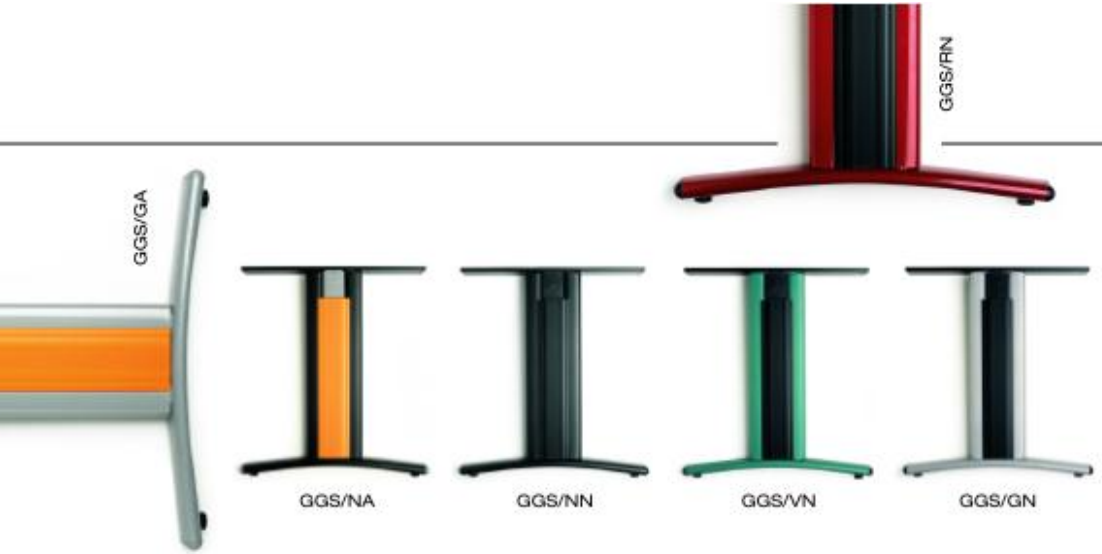
Geo: a collection realised by careful selection of materials and details.
Precise and comfortable shapes make this office program particularly right for all executive and developed environments.

La Forma | **Shape**

Geo è un programma di arredo funzionale concepito per coniugare la tradizionale richiesta di rappresentatività con le esigenze del moderno lavoro.

Geo is a furnish program created to link traditional request of importance with modern functional activity needs.

La Versatilità | **Versatility**



Il sistema di arredo Geo è un nuovo punto di riferimento per tutti i sistemi di arredo operativi. Elementi semplici, funzionali ed affidabili si combinano per ridisegnare nuovi ambienti di lavoro.

Geo collection is a new point of attraction for all furniture systems. Simple, functional and careful elements combined to design new working environments.

L'ufficio Geo è flessibile e funzionale, ideato per tutti gli ambienti operativi in evoluzione. Progettato all'insegna della massima semplicità e caratterizzato dalla versatilità di ogni spazio di lavoro.

Geo program is flexible and functional, created for all spaces in evolution. Projected following maximum simplicity and flexibilty for each working space.

La progettazione di questa serie di mobili è molto attenta alle moderne tecnologie produttive, la lunga esperienza nel settore assicura per tutti i prodotti elevati standard qualitativi.

Projects of this collection is focused on modern producing technologies; a long experience guarantees high quality level for all its components.

Tecnologie avanzate e ricercatezza progettuale, rendono questa linea funzionale e di elevata flessibilità d'uso per il proprio ambiente di ufficio.

Advanced technologies and project researches give to this collection functionality and flexibilty for office's environment.
