# Moon | la collezione

Ispirata a moderni criteri di praticità e componibilità, MOON consente di allestire lo spazio lavorativo in base a una vasta libertà di scelta.

Le versioni disponibili sono in essenza di noce o di faggio, oppure nelle tonalità verde salvia, grigio, crema: con MOON, l'ufficio si apre a una nuova dimensione dell'eleganza.

## Moon The collection

*Inspired by modern concepts of modularity and practicality, MOON lets you furnish your office from a wide range of choice.*

*This collection is available in a walnut or beech finish or in sage green, grey or cream. With Moon you can now open your office to a new dimension of class and elegance.*

Per chi desidera un tocco di personalità in più, è possibile effettuare l'accostamento fra elementi di diverso colore. Tutti i mobili sono a basso contenuto di formaldeide.

## The essences The materials

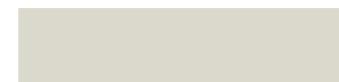

*Who is looking for that personal touch can match and coordinate different coloured items. All the furniture has a low formaldehyde content.*

Finitura noce - Walnut finish

Finitura faggio - Beech finish

Finitura grigio - Grey finish

Finitura verde salvia - Sage green finish

Finitura crema - Cream colour finish

## La Struttura

### The Structure

Se la cura del dettaglio è sicuramente importante, addirittura basilare risulta la realizzazione delle strutture, che rappresentano il vero punto di forza di una collezione destinata a durare nel tempo.

*If meticulous attention and care to detail is important, then the construction itself is fundamental as this is the real strength of a collection designed to last in time.*

### Versatility

Per la zona reception vengono proposti moduli diversificati, come il bancone con pannello frontale o come il sopralzo con mensoline da posizionare sul piano di lavoro della scrivania.

Diversified modules are available for the reception area such as a front desk with a closing front panel or a partition with shelving that can be mounted on the desk top.

## L'organizzazione | le cassettiere

La possibilità di scegliere tra un'ampia gamma di soluzioni assicura ad ognuno di trovare una risposta precisa per le proprie esigenze, sia di spazio che di funzionalità.

### Organisation/Drawers

*You can choose from a wide range of units guaranteeing that you find the right solution for your needs in terms of space and functionality.*

### Filing/Shelving

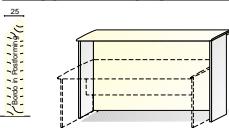

*These pieces also contribute to creating an efficient and logical working environment yet at the same time maintaining elegance. Because the office is a place where the quality of the work and quality of the environment must be harmonized to the utmost.*
